

POPE LEO VERY FEEBLE: BUT HE INSISTS ON ATTENDING TO BUSINESS.

LEO DECLARES HE IS READY TO TAKE DEPARTURE

Feels He Has Done All in His Power for the Good of the Church and Humanity.

LONDON, July 6.—THE POPE OBJECTED TO HAVING THE OXYGEN INHALING APPARATUS CONTINUOUSLY UNDER HIS NOSE. DR. LAPPONI ARRANGED TO IMPREGNATE THE WHOLE ATMOSPHERE OF THE ROOM WITH OXYGEN.

"THAT IS MUCH BETTER," SAID THE PONTIFF. "BEFORE I FELT AS THOUGH I HAD LOST MY LIBERTY."

ALTHOUGH DR. LAPPONI CONTINUOUSLY RECOMMENDS THE PATIENT NOT TO SPEAK AND PAY NO ATTENTION TO WHAT IS GOING ON, HE SAID SMILINGLY TO DR. LAPPONI, "I KNOW YOU SAY THIS BECAUSE OF YOUR AFFECTION FOR ME, BUT EITHER MY LAST DAY IS RAPIDLY APPROACHING, IN WHICH I MUST EMPLOY ALL THE TIME THAT IS LEFT TO ME SO FAR AS I CAN, OR ELSE I SHALL RECOVER, AGAIN POSTPONING THE END. IF THIS IS THE WILL OF THE ALMIGHTY, NOTHING CAN CHANGE IT."

THE POPE WISHED HIS ARM CHAIR TO BE CARRIED NEAR HIS WRITING TABLE AND THEN TO THE WINDOW OVERLOOKING THE PIAZZA OF ST. PETER.

NOTICING MANY PEOPLE IN CARRIAGES, THE POPE SAID: "THE PIAZZA LOOKS AS IT DOES WHEN I AM ABLE TO PERFORM SOME PUBLIC FUNCTION."

DR. LAPPONI'S CHIEF TASK NOW IS TO THE MAINTENANCE OF THE POPE'S STRENGTH. SOME IMPROVEMENT WAS INDICATED THIS AFTERNOON BY THE FACT THAT THE PATIENT WAS MORE WILLING TO TAKE NOURISHMENT, WHICH WAS ADMINISTERED AT SHORT INTERVALS AND CONSISTED CHIEFLY OF BORDEAUX CHAMPAGNE, RAW EGGS AND BROTH, BUT THE DOCTOR WOULD PERMIT THE POPE TO PARTAKE OF ANYTHING IN REASON FOR WHICH HE EXPRESSED A DESIRE, FOR THERE IS SPECIAL DANGER IN THE POSSIBILITY OF INCREASED WEAKNESS.

THE ONLY PERSONS ALLOWED IN THE POPE'S BED-ROOM THIS MORNING, BESIDES THE DOCTORS AND ATTENDANTS, WERE CARDINAL RAMPOLLA, MONSIGNOR BISLETTI, THE MASTER OF THE PONTIFICAL CHAMBERS, AND BRIGADIER-GENERAL COUNT CAMILLA PECCI OF THE NOBLE GUARD, A NEPHEW OF THE POPE.

THE POPE CONVERSED FOR A LONG TIME WITH COUNT PECCI, EVEN RISING AND WALKING ABOUT THE ROOM FOR A FEW MINUTES, LEANING ON HIS ARM.

THE PONTIFF ON THIS OCCASION REMARKED: "NOW I AM READY TO DEPART, HAVING SETTLED ALL MY AFFAIRS. I FEEL I HAVE DONE ALL IN MY POWER FOR THE GOOD OF THE CHURCH AND OF HUMANITY."

POPE LEO XIII

"I AM NEAR MY END BUT I WANT TO DIE IN HARNESS" SAID THE PONTIFF.

ROME, July 6.—The newspapers here contain many conflicting statements about the Pope and his condition. The Tribune says:

"He spends his time partly in bed and partly in an arm chair. Expectoration is the first sign thus far of any organic reaction and it is said to be a good symptom, but the Pope's weakness is increasing."

All those who have seen the Pope are struck with his energy. He is reported as still addressing those about him.

"No doubt," the Pontiff is reported to have said, "I am near my end, but I want to die in harness."

Over 500 telegrams expressing sympathy with the Pope and asking for news of his condition, arrived at the Vatican today, including messages from President Roosevelt, King Edward and Emperor Francis Joseph. Dr. Wagner Queen Margherita is reported to have asked about news of the Pontiff.

The most important telegrams of inquiry are communicated to the Pope. After receiving the sacrament yesterday the Pope said:

"I am now near my end. I do not know if all I have done is good, but I certainly obeyed my conscience and our faith."

The Pontiff yesterday ordered that a piano be given to his grand nephews, also giving directions that they should be told that the Pope thought of them in his last moment.

The Cardinal de Italia says: "The improvement in the Pope's condition does not give hope of his recovery. He may live throughout the day, but it is greatly feared that a change for the worst will supervene this evening."

The feeling at the Vatican, however, is more hopeful this evening. Orders have been given that various documents connected with the election of a new Pope be conveyed to the Vatican.

LEO ATTENDS TO BUSINESS AT THE VATICAN.

His Case is Said to be Hopeless But He Takes Food Without Reluctance—His Mind is Clear.

ROME, July 6.—The amelioration in the Pope's condition this morning was so unnatural, considering the gravity of his illness, that it was feared that possibly it was the last flickering of the vital flame.

During this brighter interval the Pope resumed his habits of command and insisted on giving orders for the preparation of the brief appointing Monsignor Velpoli, actually secretary of letters to Princes, as secretary of the consistorial congregation, a post made vacant by the promotion of Monsignor Nocella to the cardinalate.

The importance of such an appointment, especially at the present moment, is manifest when it is considered that on the Pope's death the Secretary of State ceases to exercise his functions, which are assumed immediately by the Secretary of the Consistorial congregation.

MIND IS CLEAR. WASHINGTON, July 6.—The following cablegram was received today by the Apostolic delegation from Cardinal Rampolla:

"The condition of the Holy Father is still grave but no worse. Night calm."

Takes food without reluctance. Mind perfectly clear."

CONDITION HOPELESS. BERLIN, July 6.—All the Rome dispatches published here represent the Pope's condition as hopeless. The newspapers of this city are issuing extras containing the latest telegrams on the subject of the Pontiff's health.

ENJOYS SLEEP. ROME, July 6. (2:45 p. m.)—The Pope seems somewhat prostrated after a rather exciting morning and is now enjoying much needed sleep.

HE WALKS. ROME, July 6. (2:15 p. m.)—Only two bulletins regarding the Pope's health will be issued daily, the doctors agreeing that there are no sufficient changes in his condition to chronicle them more often.

The Pope insists on staying up and walking at intervals, saying that weakness is the worst part of his illness, against which the best remedy is activity.

ROME, July 6. (4 p. m.)—A fit of coughing disturbed the Pope's sleep. Coughing might benefit him by relieving the lungs of the catarrhal obstruction, but owing to his weak state it is very trying and exhausting.

GETTING WEAKER ALL THE TIME.

★ ROME, July 6.—A bulletin issued this morning states that there is a slight improvement in the Pope's condition. The weakness of his Holiness is becoming more marked. ★ but his breathing is becoming more regular. The Pontiff has left his bed. Cardinal Gregalia, the Cardinal Camerlengo, is occupying rooms ★ on the third floor of the Vatican, ★ just above the Pope's apartments. ★

GIVES NOTICE TO SLOT MACHINE MEN.

SACRAMENTO, July 6.—District Attorney Arthur M. Seymour today notified all manipulators of nickel-in-the-slot machines in the county out-

side the limits of the city of Sacramento, that they must close down their machines permanently or suffer prosecution under the State law against banking and percentage games. About a year ago the coin-paying machines were closed in the city by Chief of Police Sullivan under the same law, but they were not interfered with in the country districts. The evil has grown to be an enormous one in the small towns and the District Attorney declares he is prepared to enforce compliance with his orders.

ANOTHER WRECK ON THE NORTH SHORE ROAD.

SAN FRANCISCO, July 6.—For the fourth time in two weeks death has been the result of accident on the North Shore road.

A train of cars headed by two engines was on its way to Cazadero, and at 1:30 o'clock this morning the engine in the lead struck a cow on the track and was derailed.

Engineer Hamilton of the first engine was killed and Fireman Grace injured. Engineer George Dixon of the second engine had two ribs broken by flying bits of wreckage.

The wrecked engine was the same one that carried the funeral train to Tomales two weeks ago yesterday, and on its return trip plunged its tender and a coach off a trestle while rounding a sharp turn.

The train attached to it was being taken to Cazadero to accommodate the crowds who had remained over the Fourth of July holidays and delayed to return to the city this morning.

The train usually is composed of empty cars, but on this occasion there were on board a number of Greeks and Italians who were being sent by the railroad company to fight the forest fires which had been raging in the vicinity of Monte Rio.

General Manager Rank of the North Shore was on the train, his intention being to conduct in person the work of the fire-fighters.

The accident occurred between Camp Pistolet and Millerton, not far from Tomales. The engine went down an embankment of about 5 feet, carrying with it the pony truck of the rear engine. The cars were not derailed, and none of the passengers were hurt.

SOLACE IS ALL RIGHT.

SAN FRANCISCO, July 6.—A message from Midway Island received here today by the Commercial Pacific Cable Company states that the United States trans-

port Solace arrived there yesterday. All on board were well. The Solace is bound from San Francisco to Manila, via Guam.

CAR JUMPS TRACK. REDDING, Cal., July 6.—One car of a northbound freight train jumped the track near Edgewood this morning. Traffic was delayed for about four hours, but no serious damage was done.

SCENE IN THE REAR OF THE PARDEE HOUSE.

Pardee House Badly Damaged—Firemen Parker Lost His Life and Others are Injured.

The most disastrous fire which has taken place in Oakland for many years, entailing a loss of \$50,000, completely destroyed the Arcata House on San Pablo avenue, opposite Fifteenth street, together with several other business places yesterday morning about 4 o'clock, and caused the loss of the life of Frank Parker, an ex-man, attached to engine company No. 3 of West Oakland, and injured A. Sicotte, assistant foreman of the same company, and D. J. Barr, an ex-man.

Parker, Sicotte and Barr, under orders of Chief Ball, ran a line of hose

engine, which is situated only half a block away, immediately responded and the alarm was turned in.

At the time Chief Ball and his assistants were at another fire at the corner of Second and Webster streets, with a portion of the department. Assistant Chief McDonald was sent by Ball to handle the San Pablo avenue fire. Soon after Chief Ball noticed a dangerous blaze where he had sent his assistant and immediately repaired to the scene, leaving the Second and Webster street fire in the hands of another deputy. As soon as the chief reached the San Pablo avenue fire, he ordered a general alarm, which brought all the apparatus of the department to the scene. By this time the Arcata House, Kohl's saloon and the San Pablo restaurant were a mass of flames.

Inmates were pouring from the rooming-house and officers and others were arousing from their slumbers. Some of the occupants of the place who had not been disturbed by either the alarm or the approach of the flames. So far as known, however, none of the inmates met with any serious accident.

A. SICOTTE, WHO WAS INJURED IN THE FIRE.

Into the one story frame building occupied by C. W. Kohl's saloon, and were attempting to keep the flames from spreading to the adjoining blocks on the north, when the building collapsed.

Parker was ploned under a mass of debris, while Sicotte and Barr, who were some distance behind, managed to escape. They were rendered unconscious, however, and after great difficulty emerged from the ruins in a somewhat demented condition.

At the time of the collapse Chief Ball was about to enter the structure. When the crash came and he found that the men were imprisoned, he opened a cellar hatchway and went immediately to the rescue of the imprisoned men.

Sicotte, who was dazed, showed his head in the stairway and was assisted to the surface. He was closely followed by Barr. When they reached the sidewalk they clamored to be allowed to return to the assistance of Parker, who they claimed they did not want to leave.

The fire, it is estimated, will cause a loss of about \$75,000. It originated in the kitchen of the San Pablo restaurant, conducted by M. Lindstrom. At the time of its inception the restaurant was in charge of a cousin of the owner, who immediately ran from the place and gave the alarm. No.

SUMNER HAD TO BE BEACHED IN ORDER TO SAVE HER.

MANILA, July 6.—The United States transport Sumner, having on board the Fourth Infantry, struck an uncharted reef and her forward hold filled rapidly, necessitating the vessel being beached. The Sumner was beached in seven feet of water near Mauban, island of Luzon. Several of her forward plates were broken. Two Inter-Oceanic transports were dispatched to continue the distribution of the Fourth Infantry to various stations in Luzon and carry the Sixth Infantry to Manila, where that regiment will embark on the transport Logan.

TOURIST HOTEL.

HALF A MILLION DOLLAR STRUCTURE TO BE ERRECT AT MONROVIA.

LOS ANGELES, July 6.—Announcement was made today of preliminary plans for the erection of a new tourist hotel at Monrovia, fourteen miles from this city. Half a million dollars will be invested in the new resort, which is to be located on a mesa now known as Diamond Flat, at the base of the Sierra Madre mountains. The hotel will be reached by the Monrovia line of the Pacific Electric Railway and is within distance of the Santa Fe. A stock company, headed by T. L. Cronwell, owner of the Vista Grande hotel at Monrovia, and of the forty-five acre tract of land upon which the hotel will be built, has been organized to finance the project. W. C. Wilson, formerly manager of the Angeles, will assume the management. The building will be on a large scale, probably five stories in height.

BURNED TO DEATH

WOMAN LOSES HER LIFE IN FIRE—AN INCENDIARY ORIGIN.

WILMINGTON, Cal., July 6.—In a fire, supposed to be of incendiary origin, that burned the home of T. B. Goodnight to the ground early this morning, Mrs. Goodnight was burned to death and her husband received possible fatal injuries in attempting her rescue. The building was a large frame structure in the center of the town and used as a combined store and dwelling. Goodnight made frantic attempts to reach the room where his wife was trapped by the flames but failed. Her charred body was found in the ruins after the fire had been extinguished. An incendiary attempt to burn the building was discovered last Saturday evening and it is presumed that a second attempt proved successful this morning. The authorities are investigating the charge.

After the fire had been extinguished a committee was formed from the crowd of spectators for the purpose of raising funds for the relief of the men injured and those who depended upon Parker, the man who had lost his life. This committee comprises the Foster, Charles F. Reuter of the Oakland Electrical Company, Clay Hawbaker and C. J. Twomey. Foster, Reuter and Hawbaker contribute \$100 each and Peck agreed to give the entire proceedings of Wednesday night's performance at his theatre to the fund. This committee will continue to raise subscriptions until further notice.

NEWS FROM CITY OF ALAMEDA

RESOLUTIONS TO BE READ.

PROTESTS AGAINST TRAIN GATES WILL BE HEARD BY TRUSTEES.

ALAMEDA, July 6.—The Board of City Trustees will meet in regular session this evening, and there is promise of an interesting time and a full attendance.

Last month there was a mass meeting of citizens held over here to protest against the use of gates on the local trains, and the sentiments of those present were voiced in the following preamble and resolutions, which have been passed to the trustees in accordance with their terms, and there is material enough in them to cause an extended flow of oratory:

"Whereas, The Southern Pacific Company has since the beginning of this year withdrawn the privilege of transportation of passengers without charge between stations located within the corporate limits of the city of Alameda, a privilege accorded the people of Alameda from the time a steam railroad was first operated in our city until the present;

"Whereas, The present condition of affairs with regard to transportation facilities is detrimental to the property and commercial interests of the people of Alameda;

"Whereas, The said railroad corporation is at present deriving and has always derived great benefit from the use of our streets for the purposes of this business, and is at present operating without any franchise and without any compensating the people of Alameda for the privilege he is therefore

"Resolved, That we, the citizens of Alameda, in mass meeting assembled, do hereby make request of the Honorable Board of Trustees that they grant no franchise, nor renewal of franchise, nor any steam railroad corporation for a term of more than one year in duration; and be it further

"Resolved, That it is the expressed intent of the people of Alameda that no franchise be granted to any steam railroad corporation, unless by the terms and stipulations of such franchise the transportation of passengers without charge between stations located within the limits of Alameda, be guaranteed the people.

"Resolved, That these resolutions be spread upon the minutes of this meeting, and that the secretary be instructed to have a copy of the same duly engrossed and forwarded to the Honorable Board of Trustees of the city of Alameda for their consideration."

ALAMEDA, July 6.—William Noble of Everett and Eagle avenues, was injured in an automobile accident yesterday on the county road.

ALAMEDA, July 6.—Deputy Assessor George Sturdevant was with his family at their camp near Suisun over the Fourth.

ALAMEDA, July 6.—A number of street signs arrived at the office of the Superintendent of Streets this morning, and they will at once be distributed and placed where they belong, and where they are so badly needed. Alameda, like other coast towns, has been somewhat lax in the past in having its streets properly labeled for the benefit of the wayfarer and the regular journey, but she is now endeavoring to have a complete reaming of all its streets at each corner in the near future.

Alameda, like other coast towns, has been somewhat lax in the past in having its streets properly labeled for the benefit of the wayfarer and the regular journey, but she is now endeavoring to have a complete reaming of all its streets at each corner in the near future.

ALAMEDA, July 6.—A number of street signs arrived at the office of the Superintendent of Streets this morning, and they will at once be distributed and placed where they belong, and where they are so badly needed. NO DAMAGES AT BURGLARY

JULY FOURTH PASSES AWAY WITHOUT ANY SERIOUS CONFLAGRATIONS.

ALAMEDA, July 6.—Owing to the warning to property owners issued from the office of Chief Engineer Krauth of the Fire Department, and the watchful care of those to whom it was directed, there were no serious fires in this city either on the Fourth, regulation fireworks day, or yesterday, when the held-over stock was burned by those enthusiastic celebrators who always need more than one day in which to show their appreciation of the event the Fourth commemorates. There was no call on the Department yesterday. Saturday response was made to five, the first being at 1:53 p. m., for a grass fire at Versailles and Santa Clara streets. Hose Five stretched a line and soon had it under control. No damage.

At 4:30 p. m. an alarm was turned in from Box 29 for another grass fire at Oak street and Clinton Avenue, which was promptly extinguished with benefit to the district in which it occurred.

Fire caught in the roof of J. P. Tall's blacksmith shop, Vernon avenue and Taylor street at 9 p. m. and the resulting damages were nominal.

Hose 2 extinguished a grass fire at San Antonio avenue and Sherman street about 10:50 p. m. and Chemical No. 2 had a brisk little bout with another of the same character at 11:10 p. m. at San Antonio avenue and Walnut street, both without damage of valuable property.

All the above were caused by fireworks.

LOSES A VALUABLE SCARF PIN.

ALAMEDA, July 6.—T. C. Coughlin, newspaper correspondent, was made the victim of some light-fingered gentleman over in Oakland Saturday night, where he had been viewing metropolitan sights and incidentally taking in the street fairly. Before he went across the station he lost a valuable and diamond scarf pin which he wore with a great deal of pride. He does not wear it now, because it was feloniously taken and carried away by somebody without right or color of law.

The pin is reported to the police, but he is still in the possession of another than the true owner.

DISTURBED THE PEACE.

ALAMEDA, July 6.—About 10 o'clock Saturday night W. C. Cathart and H. P. Cathart were arrested by Officer Reyes on charge of disturbing the peace of George Caswell, upon whose complaint the arrest was made. The Catharts deposited bail in the sum of \$20 each for their appearance before Judge Tappan tomorrow morning.

LARGE CROWD SAW CELEBRATION.

ALAMEDA, July 6.—The West End Improvement Association "old West End" in the carrying out of arrangements for its home celebration of the Fourth. There was a large and orderly crowd present, the grounds were handsomely decorated and illuminated, and all enjoyed themselves to the fullest extent. Dancing closed the festivities.

NEW STREET SIGNS ARRIVE.

CONGRESSMAN ON VACATION.

Congressman Victor H. Metcalf has gone away on his summer vacation and expects to remain away for five or six weeks.

SUPERVISORS MEET AS EQUALIZERS.

The Supervisors met as a Board of Equalization this afternoon at 1:30 o'clock.

On motion of Supervisor Kelley, Supervisor Rowe was elected chairman.

John P. Cook was elected secretary. A communication was received from the State Board of Equalization extending the time for the completion of the assessment roll of Alameda county from the first Monday in July to Saturday, July 18, 1903. It also set forth that the time for the equalization of the assessment by the Board of Supervisors was extended to Saturday, August 1, 1903.

Adjourned for one week.

RUSSIAN HAS NEW PLANS.

BERLIN, July 4.—The correspondent of the Cologne Gazette at St. Petersburg telegraphs that according to reports from Vladivostok the Russian War Minister, General Kuropatkin, acting on instructions from the Czar, has altered his itinerary and has left Vladivostok suddenly, going to Nikolavsk, a naval station of Asiatic Russia, on the north bank of the Amur, supposedly for the purpose of inspecting the fortifications, which would be specially important in the event of a conflict with Japan and Great Britain.

The Russian Minister at Seoul is reported to have complained to the Korean government of land purchases made by Americans, Germans, British and Japanese, and of their construction of houses outside their respective concessions, which the Russians are not permitted to do.

Firecrackers set fire to a dry grass plot at Fifty-eighth street and San Pablo avenue this afternoon. There was no damage done.

AT BURGLARY

WOULD-BE ROBBERS OF FEED STORE SCARED OFF BY EMPLOYEES.

ALAMEDA, July 6.—Two ineffectual attempts were made early Sunday morning to burglarize the coal and feed store of Albert Victor, at the corner of Park and Webb streets, but in both instances the would-be robbers appear to have been frightened away before they had fairly begun operations. The supposition is that each of the attempts was made by a different "gang." It is the custom of two of the employees to sleep in the store, and it is presumed that when the first set of operatives had succeeded in getting the door open they heard the musical breathing of these two men and realizing they had a larger contract on hand than they had bargained for, they reconsidered the matter and concluded to postpone action until a more convenient season. They left the door ajar, which was discovered about 1 a. m. by one of the sleepers who had awakened. He closed it and retired.

The second attempt was made before that hour and at 2 o'clock, and again the door was left open by the escaping prowlers. This time they were alarmed by the approach of two officers who were patrolling the neighborhood.

BIDS ARE EXPECTED TODAY.

ALAMEDA, July 6.—Bids are expected to be filed today for the construction of a new sewer on Everett street, between Blanding and Harrison streets. This is the only new street work in immediate contemplation.

BARBER SHOP IS BURGLARIZED.

ALAMEDA, July 6.—Some time between the hours of closing on Saturday night and of opening this morning, the barber shop of E. F. Albright, on Encinal avenue and Park street, was broken into and fourteen razors and a pair of hair clippers appropriated to the possession of others than their legal owners. The burglars left nothing that would aid in tracing them, but "the force" is at work and hopes to meet with success in their capture.

INJURED BOY IMPROVING.

ALAMEDA, July 6.—Young Spencer Brush, son of Rev. Brush of the First Presbyterian Church, who was so badly burned a few nights ago by the explosion of a toy cannon, is getting along nicely, though he is spending his time in a darkened room for the special benefit of his eyesight.

SHOT SHERIFF IN THE FACE.

ALAMEDA, July 6.—A mob of young men, angered by the arrest of one of their number during the night, wounded a deputy sheriff by shooting him in the face with a blank cartridge, assaulted a policeman, bombarded the house of a police court judge with stones and stormed the town house in an attempt to release the prisoner. They previously had set several fires and when Judge Nathan Washburne, whose house was stoned, found that the local authorities were helpless to control the rioters, he telephoned to nearby places for police assistance. Aid arrived at 7 o'clock, but the mob had dispersed.

The summoned officers, however, were placed in charge of the town for the time being and a call was issued for the selectmen to meet for action in the emergency.

MIDDLESBORO, Mass., July 4.—A mob of young men, angered by the arrest of one of their number during the night, wounded a deputy sheriff by shooting him in the face with a blank cartridge, assaulted a policeman, bombarded the house of a police court judge with stones and stormed the town house in an attempt to release the prisoner. NOW IS THE TIME FOR CATHOLICS TO PRAY.

CATHOLIC WORLD WILL MOURN IF THE POPE SHOULD DIE.

NEW YORK, July 6.—Monsignor Money, vicar-general of the New York Archdiocese, who was presiding over the See during the absence of Archbishop Farley over the Sabbath said: "Now is the time or every Catholic to pray earnestly. The death of Pope Leo XIII means an irreparable loss, not only to the Catholic world, but to the world of Christendom and especially to America."

"The Pontiff has been 'one of this country's truest friends. He has often said, in all my sorrow and disappointments in other lands, America is my comfort. The progress of the church there has been one of the greatest joys in his life.'"

The entire Catholic people of America and the world will go in mourning should the Pope die. Every church, mission and chapel will be draped in the Papal colors, decked with black crepe and prayers offered. Immediately on the official communication from the Apostolic Legation at Washington telling of the Pontiff's death, the archbishops will notify their suffragan bishops, the bishops their pastors and the pastors their flocks.

A day will be set apart for a memorial mass. Every church, chapel and mission in America will have this memorial service. Certain prayers will be offered daily, the service to conclude with benediction. This service will be continued every day until a new Pope is elected.

In the monasteries especially those of the more rigid orders, such as the Passionists, Benedictines and the Trappists, a strict fast will be observed until the new Pope shall have been elected.

ARGUMENTS BEGUN IN DAMAGE SUIT.

The arguments in the \$50,000 damage suit of Rosie James against the Oakland Transit Consolidated were begun at 11 o'clock this morning before Judge Melvin. Attorney George W. Reed opened the argument for the plaintiff. He will be followed by Attorney Bell for the company and Attorney M. C. Chapman will make the closing talk to the jury.

The trial of the case has consumed several weeks, and a large number of witnesses have been examined. Rosie James, the plaintiff, is a girl 17 years of age. Two years ago she was thrown off a crowded electric car coming from Berkeley and struck by a car coming from the opposite direction. She received sundry injuries and her face was disfigured for life. For her suffering and injuries she is now suing the company for \$50,000 damages.

Began this Morning

At 8:30 A.M.

THE Annual Harvest Sale began at Kahn's this morning at 8:30 A.M., and will equal in scope and importance the previous Harvest Sales to which it owes its renown. You know by this time that this is not a spasmodic effort—not the creation of the moment—but a carefully mapped out, skillfully generated merchandise movement of gigantic proportions. This Sale embraces every kind of merchandise carried in our numerous departments, and the fact that it is offered in this Sale should and will be a sufficient warranty for substantial, reliable quality. Ask for the accompanying items. We will let your judgment do the rest.

STREET FAIR CLOSES IN A BLAZE OF GLORY.

Thousands of People Crowded the Grounds Saturday Night—Affair Was a Financial Success.

Workmen were busy today tearing down the booths, exhibits and shows at the Street Fair.

By tonight all the wires will be down, the furniture and other movable articles taken away.

Yesterday it was proposed to keep the fair open tonight and tomorrow night, as a benefit, the proceeds to go to the families of the killed and injured firemen in yesterday's disaster. But the management found that such an undertaking would be impracticable.

Most of the exhibitors had started to remove their displays and the different concessions had taken down their tents and show-houses. So few of the attractions had remained that it would not pay to keep the gates open for them.

Director-General Max Schlueter and his assistants are busy settling up the affairs of the carnival. The figures show that during the eleven days of the fair there were 125,000 paid admissions, as against 132,000 for the seven days of last year. Saturday was the biggest night, 23,000 people visit-

ing the grounds during the evening. The management is highly gratified with the success of the enterprise and feel well repaid for the trouble and expense connected with such a big undertaking. The police report but four arrests during the carnival and these only for petty offenses. The crowd, although large and noisy, never became boisterous.

The Alameda County Country Store was one of the most successful concessions at the carnival. Over \$200 was taken in by the enterprising Encinal "clerk," half of which will be divided up among the five Alameda charities. After all expenses are paid. All the groceries, such as flour, breakfast food, etc., that were left over, were loaded on to a wagon and taken to the California Girls' Training Home in Alameda. Among the hardest workers at the store were President Arthur B. Tarpey, Secretary Bert L. Fisher, Assistant Secretary A. P. Smiley, John F. Hansen, Ludwig Warnike, Justice Fred Cone, Charles L. Metzger, Frank W. Kelly, William B. Hinchman, William Hammond Jr., James Shanley and Charles H. Smith.

The photographs herewith are of those who have helped to make the fair a success.

PERSONAL AND SOCIAL.

MISS JOSEPHINE ROLLER WILL WED EDGAR L. HOAG.

The wedding of Miss Josephine Roller and Edgar L. Hoag will take place on Wednesday evening, July 8, at the home of the bride's parents, on Telegraph avenue.

Miss Roller is the daughter of Frank Roller, superintendent of the Giant Powder Works. The family formerly resided in Berkeley, where she attended the University of California, graduating with the class of '98. For the last two years she has been a teacher of English in the Berkeley High School.

Mr. Edgar Hoag is a prominent business man of San Francisco, of the real estate firm of Lyon & Hoag. He is the eldest son of Mr. and Mrs. Charles Parker Hoag of 1619 Walnut street, Berkeley.

The wedding will be very quiet, only the immediate relatives being present.

MRS. PARCELLS ENTERTAINS. Mrs. Charles Parcells was the hostess Saturday afternoon at a very informal little neighborhood tea given at her home on Webster street to about thirty friends. The guests, who were all invited over the telephone a day or two ago, enjoyed an hour's informal visiting and then a delicious supper was served in the yard.

Over the round tables flags were stretched for canopies and the guests sat down to the pretty tables. Red, white and blue were used, of course, in the decorations, geraniums, cornflowers and larkspur mingling with quantities of the tri-colored ribbons forming the appropriate adornment. Fire crackers were everywhere in evidence and the afternoon proved a very delightful one. Among the neighbors who enjoyed Mrs. Parcells' hospitality were Mr. and Mrs. Wetherbee, Mr. and Mrs. E. H. Vance, Miss Vance, Mr. and Mrs. J. R. Scupham, Miss Elizabeth Scupham, Miss Geraldine and Miss Isabel Scupham, Mr. and Mrs. Charles Parcells Jr., Mrs. Kimble of Los Angeles, Mr. and Mrs. Paul Chase, Miss Louise, Miss Charles Louise, Mr. and Mrs. D. Edward Collins, Mr. and Mrs. R. H. Chamberlain, Mr. and Mrs. Gayles, Mr. and Mrs. William High and Mrs. Charles R. Brown, Mrs. Berry and Miss Berry.

GONE ON VACATION. Dr. and Mrs. McMath and Dr. and Mrs. William Schwaier have gone to Mendocino county for a two-weeks' trip. They are anticipating much good hunting and fishing.

VISITING FRIENDS. George W. McIntosh, business manager of the Daily Republic of Daytown, Pa., is visiting friends in Oakland.

PRETTY DOUBLE WEDDING. A pretty double wedding took place Saturday evening, July 4, at the home of Mr. and Mrs. Frank Ferguson of 1124 Chestnut street. The couples were Frank H. Ferguson and Miss Elma A. Vrooman and Julius J. Hendricks and Miss May Ferguson. A large wedding bell was suspended over the happy couples, who were united in marriage by the Rev. J. H. Tholus, pastor of the German Lutheran Church. The wedding was given by the couples in union.

Miss Sophie Blomme acted as bridesmaid for Miss Ferguson and Miss Mary E. Fratus of Vallejo for Miss Vrooman. The best men were Christian Hendricks, acting for his brother, and David Hendricks, the daughter of Mr. and Mrs. Ferguson. The decorations were appropriate and beautiful, being the national colors—red, white and blue. A large number of relatives and friends will witness the ceremony, after which a reception and dinner were given at the home, at which there were present about sixty guests.

Mrs. Ferguson is the daughter of Mrs. Kate Vrooman of Tracy. Miss Hendricks is the daughter of Mr. and Mrs. Frank Ferguson and is a graduate of the Oakland High School.

Both of the brides hold responsible positions with the Southern Pacific Company.

PERSONAL MENTION. A. D. Coplin and E. Barri are guests at the Angulus Hotel, Los Angeles.

S. A. Muir is a guest at the Rosslyn Hotel, Los Angeles.

Miss Mary Rush of Suisun has entered the summer course of the State University at Berkeley.

Milton Emigh of Suisun visited relatives in this city recently. When he returned to his home he was accompanied by Mrs. Emigh and child who had been spending some time in this city.

C. E. Abbott of Berkeley is a guest at the Capital Hotel, Sacramento.

H. C. Mansfield is in Sacramento, a guest at the Golden Eagle Hotel.

R. Day of Berkeley is a guest of the Van Nuys Broadway Hotel, Los Angeles.

Mrs. V. Wahl of Alameda is in Los Angeles, a guest at the Hollerbeck Hotel.

A. V. Schubert, H. L. Sherwood, A. J. Backus Jr. and J. J. Maunhart are guests at the Palace Hotel, Napa.

A. G. Madden, State Secretary of the California Osteopathic Association returned Sunday from Los Angeles where the State Convention has been in session.

Fred E. Reed of Berkeley was in Fresno recently on business.

Carl Simon of Stockton is enjoying an outing in Oakland.

E. S. Diamond, treasurer of the Yosemite Theater at Stockton has come to Oakland to be with the Macdonough Theater during the summer.

FORTY YEARS IN THE SERVICE.

SERGEANT CHARLES H. ELLIS.
(Photo by Dimes & Arrowsmith.)

Sergeant Charles H. Ellis, armorer of the Companies A and F, Fifty Infantry, N. G. C., in this city, who has just entered upon his forty-second year as a member of the first-mentioned company, which presented him, a few days ago, with a beautiful charm as a memento of the occasion. Sergeant Ellis has the longest consecutive record of service in the National Guard in this State.

While he was lying in the road, partly under the machine, there was a sudden flash and an explosion.

The chauffeur assisted Mr. Vanderbilt from his position, and it was seen that he was badly scorched.

Another vehicle was secured and Mr. Vanderbilt was brought immediately to Paris.

At the hotel the greatest secrecy is being maintained. Other guests at the hotel who are aware of the accident have been enjoined to let the news go no further.

Although the physicians have made no statement concerning Mr. Vanderbilt's injuries, it is generally understood that no permanent ill will result from the mishap.

To be free from sick headache, biliousness, constipation, etc., use Carter's Little Liver Pills. Strictly vegetable. They gently stimulate the liver and free the stomach from bile.

CIVILIZATION'S RECENT ADVANCE.

The opening of the cable between the United States and the Philippines emphasizes the rapidity with which the remote places of the earth have recently been brought into close touch with the centers of civilization. The world is becoming very small indeed, and there is little remaining in it, speaking in a geographical sense, to be discovered.

Ten years ago only a very few persons in Europe and America really knew much about the Philippines, Alaska, South Africa or the interior of Northern China and Siberia. For the last few years the eyes of the world have been centered upon those hitherto unknown spots. They have been the theater of great events recently, and their geography, topography, climate, inhabitants and productions have come under critical popular examination.

The gold and diamond discoveries and the Boer war that came as a consequence made all South Africa familiar to the people in Europe and America. All Africa is now being opened up to the agencies of civilization, and ere long the traveler can take train at Alexandria on the Mediterranean and travel direct by rail without a break to the Cape of Good Hope.

A quicker and more marvelous opening up of a terra incognita is exhibited in Alaska. The fabulously rich gold discoveries in the watershed of the Yukon have brought the settlements and luxuries of civilization almost within the Arctic circle. Railways, telegraph and telephone lines are being operated in what was a few years ago an unsettled and unknown desolation.

Between the Pacific and the Indian Ocean, the Philippine archipelago slumbered in forgotten isolation till the thunder of Dewey's guns made the inhabitants acquainted with Western power and brought this unknown part of the East to the attention of the civilized world. In five years we have learned more of the Philippines than was learned in the four centuries previous. Manila is now nearer Washington, in the practical sense, than St. Louis was when Jefferson made the Louisiana purchase.

China was laid open to the gaze of the world by the march of the Allies to Peking, and the pushing of Russian conquest and railways across Siberia to the shores of the Pacific. Thus in Africa, Asia, America and the Isles of the sea civilization has penetrated and turned on the light of modern inquiry. The telegraph that ticks its message between Washington and Manila is the voice of civilization telling of its advances and discoveries. Not much is left to be opened up save the regions around the poles, and even these inhospitable lands are yielding up their secrets. We are getting to be very well acquainted with this planet of ours.

THE LESSON OF EXPERIENCE.

The numerous disasters from fire on the Fourth of July, reported all over the Union, tell their own story of the consequences that ensue from the promiscuous and reckless exploding of fire works in the streets. It is not susceptible of proof that the sad calamity in this city Sunday morning was due to this cause, but the time of the ignition carries a presumption to that effect.

In San Francisco alarms for twenty-six fires were rung in on the Fourth and thirty-two persons were treated at the emergency hospital for burns and contusions, some of them quite serious, resulting from the explosion of fire works in the streets. A number were wounded by the carelessness of others, while the others owe their mishaps to their own recklessness.

The point is that the fires and the wounds all resulted from the same cause—the discharge of fire-arms and the explosion of firecrackers and bombs in crowded thoroughfares closely built up.

Fatal accidents chargeable to fire works in different parts of the country are reported. The business section of Wheatland is in ashes from this cause. Santa Rosa has been visited by a destructive conflagration because people persist in encouraging a foolish and dangerous practice from the mistaken notion that it promotes patriotic sentiment.

Objections to celebrating the national anniversary with a carnival of noise are met with the assertion that this is the old fashioned way of celebrating the Fourth. It is not. The indiscriminate firing of pistols, firecrackers and bombs in the streets is a modern practice. There was a good deal of anvil and cannon firing in the old days, but nothing like the frightful fusillade that greets the ears nowadays. This practice is teaching the younger generation to literally burn money, and occasionally to burn down a town or city. Incidentally some are killed and many wounded. After the Fourth the firemen in the cities are all exhausted from the labor and unremitting vigilance of putting out fires kindled by celebrating Independence Day after the fashion of savages.

CROOKED CONSTITUTIONAL LAW.

It is quite true as the Calaveras Prospect asserts that Chinese and Japanese are denied the right of naturalization by Federal statute. Nevertheless, it is absurd to suppose that the Southern States could be deprived of representation for disfranchised negroes without also depriving California of the representation she now enjoys on behalf of disfranchised Chinese and Japanese. The fourteenth amendment of the constitution defines citizens as persons who are native born or naturalized. The laws forbidding naturalization to Chinese and Japanese were enacted subsequently to the adoption of the fourteenth amendment. When that amendment was adopted the object its framers had in view, having in mind particularly the protection of the civil rights of the negro, was to prevent any person being deprived of the rights of citizenship by reason of race or color. This is proved by the language of the fifteenth amendment which reads as follows:

"The privilege of the citizens of the United States to vote shall not be denied by the United States or any State on account of race, color or previous condition of servitude."

Taking a narrow view of the question, based upon a too liberal interpretation of the constitution, the Calaveras paper assumes some States can be deprived of representation based on disfranchised population and other States allowed to retain such representation. The idea is absurd. From a standpoint of fairness, it is worse than absurd. Who would have the hardihood to make such a contention?

Be it borne in mind that cutting down representation is not a mere question of construing the Federal constitution, but can only be accomplished by affirmative act of Congress. The question would be presented something like this:

"South Carolina is apportioned five Representatives on the basis of negroes who are disfranchised, but who are citizens by virtue of their birth and the declaration of the constitution." California is apportioned one Representative on the basis of Chinese and Japanese who are not citizens and who are prohibited by law from being citizens.

The proposition that the former should be cut off and the latter continued will not stand in law or on the floor of Congress. The man who would advocate it is unjust and politically dishonest, and is as morally crooked as his construction of the constitution is vicious.

The Colombians are not so eager to reject the canal treaty as they were a short time ago. They have just realized that if they reject the treaty they must give up the \$10,000,000 they were to get from the United States. For enterprising statesmen of the South American type there are fat pickings in \$10,000,000.

THE PASSING PONTIFF.

The dispatches from Rome indicate that the aged Pontiff is nearing the end. The gathering of the members of the Sacred College indicates that the passing of Leo XIII is deemed imminent. All the circumstances give rise to the belief that his case is hopeless and naturally speculation is active as to who will succeed to the Pontificate which the venerable prelate now lying within the shadow has made so illustrious and so respected.

It is not a mere figure of speech to say that the civilized world watches at the bedside of the Pope. Not for four hundred years has a wearer of the tiara so held the sympathy, the respect and the good will of mankind irrespective of creeds. Leo XIII commands universal respect for his efforts in behalf of peace and good will among men. His gentleness and tolerance, coupled with the serene purity of his life, and the exalted inspiration manifested by his utterances, have impressed the Christian world as it has not been impressed in twenty generations.

It is conceded that Leo has brought all the Christian sects into closer union. He has contributed vastly to ethical and religious culture by laboring to banish sectarian hatred and bring all the followers of Jesus into a more cordial relationship.

No Pontiff since the Reformation has been so respected by the Protestant communions as Leo, who has caused them to lose much of their distrust of the Papacy, and to soften their sentiments toward the Church of Rome. The feeling he inspired in the Christian world, generally is illustrated by the fact that the Emperor of Germany and the King of England, the two most potent Protest sovereigns in Europe, recently paid him a visit of honor without arousing serious complaint on the part of their Protestant subjects. Such a thing would have been impossible under any other Pope. History will place Leo among the greatest of the Pontiffs. He has lived in a different age from the great Gregory and had not the militant spirit of that prelate, yet he has united the Church as it was never united before and has extended its spiritual author-

ity wider than any of his predecessors. What it lost in secular power under the reign of Pius, he made up tenfold by the expansion of the spiritual influence of the Roman See. Among the greatest of his services to mankind and the cause of true religion was his successful effort to allay strife and ill feeling between Catholics and the Protestant sects.

Deep interest as well as profound regret attends the passing of the illustrious head of the Roman hierarchy, for there is universal concern as to the character of his successor. Sentiment throughout the civilized world favors a successor of the type of Leo, a man who will encourage the arts of peace and the sentiment of brotherhood among all the Christian nations; who will allay strifes and who will counsel goodwill and forbearance and frank recognition of the virtues and rights of all.

COMMUNICATION FROM

OSGOOD BROS

Offer to Refund Money if Hyomel Does Not Cure Catarrh. To the Editor of the OAKLAND TRIBUNE:

We have been asked recently if the advertisements printed in your columns regarding Hyomel were true where we offer to refund the money if this treatment does not cure catarrh. We wish you would please print this letter in your paper, saying that we absolutely agree to refund the money to any purchaser of a Hyomel outfit, if it does not cure catarrh. This outfit consists of an inhaler of a convenient size to be carried in the vest pocket so that the user can breathe the Hyomel air four or five times daily. With this is included a medicine dropper and a bottle of Hyomel. The outfit sells for \$1.00 and is a most economical treatment for Hyomel holds good, lasts a lifetime and there is enough Hyomel for more than a month's use, while extra bottle can be obtained for 50c. We trust this communication will settle any doubts that may have arisen as to our willingness to refund the money for a Hyomel outfit, in case the purchaser is not satisfied. We wish to say emphatically that our guarantee on Hyomel holds good, and we will refund the money to any dissatisfied purchaser who simply states that he has used the treatment according to directions and not been helped. Respectfully yours, OSGOOD BROS.

THEY WILL PLAY THE CHRISTIAN.

MISS OLA HUMPHREYS.

The Mordant-Humphrey Company will open a special stock season at the Macdonough Theatre this evening. The first week's bill will be that great drama, "The Christian," a play that has gained enormous favor from coast to coast. Mr. Mordant will be the "John Storm" of the Macdonough production, and Miss Ola Humphrey, who, by the way, is an Oakland girl, will be the "Glory Quayle." The cast is exceptionally strong and the production is elaborate and complete. From present indications the success of the Macdonough stock season is practically assured. Popular prices will prevail and the seats are on sale for all week.

FAMILY HAD A VERY NARROW ESCAPE.

MASS OF BRICK FROM BURNING BUILDING CRUSHED HOUSE.

Five persons narrowly escaped death yesterday morning while sleeping in their home at the corner of Second and Webster streets.

The building adjoining them, which was occupied by the American Condensed Coffee Company, caught fire about 3 o'clock in the morning. The flames burned fiercely, causing one of the walls to fall towards the west.

The mass of bricks fell directly upon the home of A. Bee and crushed it to the ground.

In the house at the time were Mr. and Mrs. Bee, Mr. and Mrs. F. M. Bitts and Mrs. W. Eddings. The last of these was about 65 years of age. It was at first thought that all the occupants were killed. Strangely enough, however, none of them sustained further injury than a few minor cuts and bruises.

They were removed from the shattered structure after the debris, which had fallen upon them, had been removed by the firemen, who went immediately to their relief. They were given shelter by neighbors and comforted as best they could be under the circumstances.

The building in which the fire broke out was located on the west corner of Second and Webster streets. It was used originally as an electric light works, subsequently was utilized as a cannery, and at the time of the fire was operated by the American Condensed Coffee Company. It is owned by the Oakland Gas, Light & Heat Company. The loss will be about \$1500. The cause of the fire is unknown.

CHATAQUANS SOON TO GATHER AT PACIFIC GROVE.

The time is rapidly approaching for the opening of the Chataqua Assembly to be held at Pacific Grove from July 14th to the 25th inclusive. While this event is the greatest of all the summer gatherings held at Pacific Grove, yet that resort can well be called the Ocean Grove of California, because of the large number of conventions, assemblies and institutions which are held there, prominent among them being the following:

The Summer School of Music, the Midsummer Encampment, the camp meeting of the Methodist Church, the Congress of Reformers of the Woman's Christian Temperance Union, the Farmers' Institute, the Unitarians' Club Conference, the California Annual Conference of the M. E. Church and the Chataqua Assembly. The Southern Pacific Railroad offers a fare and a third on round trip tickets to Pacific Grove, the boarding-houses and hotels offer reduced rates and tents have been erected by the hundreds to accommodate the crowd which is expected to be present.

Every effort is being made by the directors to have the Chataqua Assembly the best in its history. To that end, neither pains nor expense have been spared in securing eminent speakers as well as the best lecturers, concert companies and entertainments, which the country affords. The officers of the Assembly are Rev. E. McClish, D. D., College Park, president; Josiah Keep, Mills College, vice president; C. L. Anderson, M. D. of Santa Cruz, vice president; Rev. H. N. Dravner, San Francisco, vice president; Mrs. S. J. Dawson, San Jose, general secretary and treasurer; Rev. Thomas Filben, D. D., Pacific Grove, superin-

BIT OFF HIS WIFE'S EARS.

GALVESTON, Texas, June 30.—A peculiar case came up before the justice court recently. It is illustrative of the intenseness with which the desire to "shoot snags" afflicts some members of the colored race. A negro was bound over to the grand jury for an assault upon his wife.

It seemed that the wife had a pair of diamond earrings which the negro desired to get possession of. He wanted to "shoot snags" them to raise a stake for a crap game. The woman objected. The man threw her down and actually bit them off, a part of one of the woman's ears going with one of the rings.

The mother-in-law of the prisoner is the principal complaining witness. The jewelry is in "snags."—Houston (Texas) Chronicle.

SENIOR HALL FOR COLLEGE UNIVERSITY MEN CAMPUS.

Golden Bear Plans Building that Will Have Significant Effect on Students' Affairs.

BERKELEY, July 6.—Senior control at the University of California will receive a boost next term, if the plans of the Golden Bear for a new building are realized. The Golden Bear proposes to erect a senior hall on the campus for a meeting place of the upper class men. It will be held the senior students' committee meetings, etc. It will be the recognized center of senior activities. From it, it will go out an influence that will be felt throughout the student body. The building of the senior hall will be the most significant step that has yet been taken towards senior control of student affairs.

The Golden Bear is one of the strongest forces at the university. The seniors, alumni and faculty men will be long to it, and to become a member one must have done something notable for one's university in journalism, athletics or college affairs. The present project is the most ambitious ever conceived by the Golden Bear. It was suggested to the society by the troubles of last year in finding meeting places for the senior students, when the college songs were sung and the affairs of the students and their relation to the faculty and discipline discussed. These meetings were held on North Hall steps in pleasant weather, but in unpleasant weather they had to be adjourned. With a permanent meeting place for the seniors, the control of the students' affairs will naturally come under the control of the upper class men. The following letter, written to the building committee of the Board of Regents and signed by faculty student and alumni members of the Golden Bear, gives a good idea of the plans of the honor society.

"During the last year the student of the University of California have shown their readiness to aid the Students' Affairs Committee to maintain discipline and realize in an increasing degree their responsibility in the welfare of the university. The best development of senior influence and responsibility has been seriously impeded, however, by the lack of any gathering place whatever for the men of the senior class. The Golden Bear Society, an organization of alumni, faculty and seniors in connection with

the other friends of the university, wish to erect and present to the university a hall for senior gatherings such as student meetings, the meeting of the senior committee, etc. The hall will cost between two and three thousand dollars. It will be built by John Glen Howard, who has kindly offered to show his interest in the cause. The Golden Bear asks no other consideration in the matter than to be permitted to occupy a small room at the end of the building. It will undertake to care for and maintain the whole building in good repair, free of all expense to the university. It is suggested that the building be placed just south of Strawberry creek, immediately adjoining the dining association and connected therewith by a covered porch."

The petition is signed by Charles M. Taylor, H. Morse Stephens, Charles S. Wheeler, Victor Henderson, John A. Brewer, Leslie Symmes, Carleton Parker.

MADE AN ATTEMPT TO DESTROY A BARN

NILES, July 6.—A deliberate attempt was made to destroy the barn on the Ellsworth ranch near here a few days ago, and the owner of the barn, as well as the company which carried the insurance has offered a reward for the arrest and conviction of the incendiary. The barn was recently filled with hay, and when the fire broke out Thursday night it was supposed that it was caused by a firecracker which had been accidentally thrown into the hay.

A few hours later the fire broke out again, and a more careful examination resulted in the discovery of the fact that phosphorus sticks had been wrapped in damp cloth and put in the hay, which was then removed from the barn and piled on a vacant piece of ground, where the fire again broke out, and no attempt was made to save the hay. Detectives in the employ of the insurance companies have been here for several days, but as yet they have not secured sufficient information to warrant them in causing an arrest.

COLLEGIANS WORKING FOR PLUMAS AND BUTTE ROAD.

BERKELEY, July 6.—A party of University boys are working with the Plumas and Butte Railroad surveying party with its camp situated about twenty miles from Oroville. Tyrrell Hamlin, ex-'02, who is head of the party came down to Berkeley over the Fourth. Hamlin was formerly base ball captain two years ago and carried his team through the year victoriously. While at college he was well-known as an all-round athlete and went East with the track team three years ago. His present position is a very responsible one.

The other members of the party may remain with the work permanently or they may return to the University, most of them being undergraduates. They have made a jolly crowd and outside of working hours have done a good deal of hunting and fishing. They have managed to catch a young fawn which has become a great pet about the camp. It was so young when first captured that it was pursued to give up its natural life and become civilized. It stays around camp without being tamed and follows the men about like a dog.

The members of the party who are with Hamlin are: Bernard Dewees, W. H. Henry, Ed Mahler, Walter Hanna, and Will Barnes.

PERSONAL AND SOCIAL.

BERKELEY, July 6.—Glenn Murdoch, County Treasurer of Sonoma county, is visiting his friend Will May of this city. Mr. and Mrs. Herbert W. Annable of San Bernardino were in Berkeley Sunday on their honeymoon trip. They were married only a few days ago. Mrs. Annable was formerly Miss Lou Bahr and resigned her position as Superintendent of the City Schools of San Bernardino to be married. She was formerly County Superintendent of Schools of that county and is well and favorably known throughout the State by educators. Mr. Annable occupies a clerical position with the Santa Fe at Winslow, Arizona, where they will in the future reside.

Miss Irene A. Wright, next year's editor of the Stanford Sequoia, has returned from the place of Miss Josephine Harbo, who was granted a six month's leave of absence to make an eastern visit. MADE GOOD RECORD. M. E. Allen of the Haywards electric line came out third in the ticket-taking contest at the Chutes on Wednesday evening. The entertainment was under the auspices of Division No. 205 of the Carpenters Union of San Francisco. Allen's time was four minutes and forty-eight seconds. Those ahead of him made it in four minutes and four seconds respectively. The contestants were compelled to take tickets from fifty passengers, give change and punch and distribute transfers. Allen's record is considered a very good one. Among those who went from Elmhurst to witness the performance were Mr. and Mrs. John Graydon, Mr. and Mrs. A. W. Rose, Mr. and Mrs. Fred Straub, Mr. and Mrs. W. E. Ross, George B. McFale, A. S. Anderson, William Holmes, C. E. Ross and W. J. Hooper.

MINOR CASUALTIES.

A number of Elmhurst people have a hand of several fingers wrapped up, owing to casualties. Frank Dellabaugh, Minor Frost, J. H. Dillberger and Henry Haseley have each suffered from accidents during the past week. All are doing well at last reports.

PERSONALS.

Dr. W. F. Lynch has returned from a seven days' trip to Walnut Grove. He had a good rest and returned much improved in health.

Mrs. H. G. Olsen and Mrs. Eugene Hoffman have gone to Laurel Dell for a short vacation. They left Friday.

Judge L. C. Banks and Santa Rosa spent a few days in Elmhurst last week. Gordon Williamson is spending a few days in Elmhurst.

Mr. and Mrs. S. T. Chapin are at Camp Meeker and expect to remain several weeks.

EXPRESSES HIS SYMPATHY.

NEW YORK, July 6.—Rev. Dean Babitt, rector of the Brooklyn Protestant Episcopal Church of the Epiphany in the course of his sermon said:

"I am informed that the great Pontiff of Rome is passing away. It is a solemn moment in the history of the world and of Christendom. As a Protestant who values his protestantism, it is not unfeeling that I should express, nevertheless, my sympathy for the Roman Catholic Church in its loss of a great prelate, leader, guide and counselor whose influence in all Christendom has been profound."

ACCIDENTS FEW, FIRES NONE.

JULY FOURTH PASSES OFF VERY QUIETLY IN BERKELEY.

BERKELEY, July 6.—Without a fire and with few accidents the Fourth of July passed off quietly in this city. Chief Kenney and his men were on the alert all day in case they were needed, but only once were they called out, and that for nothing but a grass fire. The accidents recorded were those of two boys.

Clarence Niles of Grayson street was badly hurt with a toy pistol. He had the weapon loaded with blank cartridges and was looking down the barrel wondering why it did not go off. The gun exploded in his face taking half of his left cheek. The wound required four stitches and will leave a permanent scar.

The other accident befell William Vess who shot off the index finger of his left hand with a toy cannon.

OLD 'VARSITY' CAPTAIN GOES TO SOUTH AFRICA.

BERKELEY, July 6.—The famous football player, Lloyd Womble, has accepted a position as assistant manager of a large gold mine near Ladysmith, in South Africa, and will sail shortly to assume his new duties. At present Womble is working in the Bunker Hill and Sullivan mines in Idaho. For the last five years Womble has figured prominently in football at the University of California, where his name has gone down in history as a hero of the gridiron. He played on the 'Varsity' for four years and was captain of the famous pony team which defeated a Stanford team much heavier than itself by a score of 2-0. Last year he acted as assistant coach, helping materially to bring about the 16-0 victory. He was perhaps the best end that California ever had.

BERKELEY GIRL WINS HONORS ON THE COURT.

BERKELEY, July 6.—Miss Miriam Edwards of this city is the champion woman tennis player of the coast, having won that honor at San Rafael last Saturday by defeating Miss Eva Varney. With the score of the first set 4-1 against her, Miss Edwards began to play a game that could not be headed by her clever opponent. Her work at the net was brilliant and her smashing of short lobs equal to that of men players. The final score was 6-4, 6-3. Miss Edwards is a University of California player and has represented the University in its matches with Stanford.

REED WINS THE COVETED GOLD WATCH.

Does Some Clever Work at Yesterday's Shoot—Medal Lies Between Juster and Reed.

BERKELEY, July 6.—One of the events of the College City Gun Club was settled yesterday at the shoot on the club's grounds north of town. Reed carried off the honors and virtually won the watch race, and taking a slight lead in the race for the coveted medal. Reed won ten birds ahead in the watch race, and can not possibly be headed off. In the "final shoot" of the season, which will be held next Sunday he will have to shoot only as a matter of form before taking the watch, which was really won yesterday.

In the medal race, Reed and Juster are fir in the lead and running neck and neck. With the season nearly over and all but one match shot off, the two cracks have only a difference of a single bird between them. Juster has already won the Putzker cup. Reed has won the watch and next Sunday one of the other of them will carry off the medal. It will be a pretty contest next Sunday, close and exciting.

Following are the results of yesterday's shoot:

Medal race at twenty-five targets—Juster 22, Newcomb 20, Demeritt 18, Reed 24, Baird 24, Seales 15, Edwards 15, Newcomb, back score, 21; Reed, back score, 23; Demeritt, back score, 17; Johns 15.

Watch race, twenty-five targets—Newcomb 19, Juster 15, Reed 22, Edwards 14, F. Baird 6, Seales 15.

Shell race, twenty-five targets—Seales 19, Edwards 14, Newcomb 15, Reed 21, Demeritt 19, Juster 15, Baird 9, Newcomb, back score, 22; Newcomb, back score, 20; Edwards, back score, 16. Reed was again high gun.

Challenge medal race—Newcomb 13, Juster 18, Reed 20, Edwards 20.

Shoot-off of 10—Reed 24, Edwards beat 6 day and withdrew.

Special race, after targets—Juster 8, Seales 12, Reed 14, Edwards 15, Demeritt 5, Johns 9, Juster 8, Reed 12, Baird 7, Seales 12, Johns 5, Edwards 7. Edwards was high gun.

THREE OUT OF SIX ARE FROM CALIFORNIA.

BERKELEY, July 6.—In their ex-

plorations of the Shasta caves, the paleontologists of the University of California have doubled the number of known species of the Ichthyofauna. There are now six known species of this family which is of great interest to scientists owing to the light it throws on fossil study. Those of these species have been unearthed by the University scientists.

WILL CONTRACT FOR BEET CROP.

NILES, July 6.—The Alameda Sugar Company, which owns the refinery at Alameda, has announced that it is now ready to contract for the sugar beet crop of 1904 at \$5 per ton. Originally the company would pay but \$4.50 per ton for beets, but two years ago the price was raised 25 cents per ton, and now comes the announcement of a raise for next year. Even at the lower prices the sugar beet has been a very profitable crop, and it is believed that the advance in price will have the effect of materially increasing the acreage planted to beets next year.

FIXED THE RATE.

LONDON, July 6.—The Shanghai correspondent of the Times says the bankers' commission has fixed the rate of exchange for the half yearly payment of the indemnity, due June 24, at 54 cents, involving a total loss to the Chinese Government of about \$2,000,000. The Russian claim has benefited by \$50,000. The American and British delegates have received a formal protest to the fixing of this rate.

A telegram from Menzies, Yunnan province, reports that order has been restored at Li Nan Fu. The local authorities assumed control of the town June 27.

AN AMERICAN ARRESTED.

NEW YORK, July 6.—Joseph Von Torny of Memphis, Tenn., has been arrested at Belize, Honduras, according to a Herald dispatch from Puerto Barrios, Guatemala. The reason is not stated.

STAG PARTY AT LAKE CHALET, NEAR SAN LEANDRO—NOTES.

SAN LEANDRO, July 6.—The Fourth of July passed off very quietly in San Leandro on Saturday. There was no celebration here, and most of the residents left town for other points of interest, most of them going to Oakland to witness the parade and festivities there. There were enough left, however, to keep up a deafening racket with firecrackers all day.

A party of young men enjoyed a barbecue at a natural park near Lake Chalet, which was a very successful affair. There was not a pretence in the crowd, for it was plainly stated that the affair would be a stag party, and it was anticipated in by about fifty of San Leandro's most prominent young men. The party repaired to the grounds early and the day was pleasantly spent with recreation. Solomon Dry barbecueed the meat and showed that he is a past master at the art. There who had the affair in charge were D. Gates, W. Nantz and I. Fry.

PAINFUL OPERATION.

D. K. D. Smith of this place performed a very painful operation on Donald Moore's left hand on Saturday morning. It was successful and the injured member will soon be healed. Moore, who lives at Pittsburg, two miles north of here, injured his hand about ten days ago, and a very bad abscess formed in the palm, which rendered an operation necessary. Dr. Smith made two incisions in the palm and one in the back of the hand, which penetrated clear through the member. In his way the seat of the trouble was reached and removed. The wound was then dressed and bandaged, and in the course of a fortnight it will be entirely recovered. The operation was not a serious one, but at the same time it was very painful.

ELECT OFFICERS.

Saint Isabel Council No. 13, I. O. E. S., has elected the following officers for the ensuing year: M. M. A. Smith, President; V. T. Braga, Vice President; M. D. Silva, Secretary; T. J. Beltoncourt, Treasurer; F. S. Sequera, Master of Ceremonies; F. P. George, Inside Guard; J. C. Galvo, Marshal; Dr. B. F. Mason, Physician; M. J. Rose, Jr., J. Lewis, T. J. Beltoncourt, V. T. Braga, J. C. Silva and M. D. Silva were elected delegates to the Grand Council.

PERSONALS.

Mrs. Nellie O'Brien has returned from a two months' trip to Mendocino county.

D. D. Gates has returned from his vacation to Harbin Springs, where he went for treatment for his injured foot. The member is entirely recovered.

M. J. Short has returned from a short trip to Oakley.

Dr. and Mrs. Ocho returned last week from a visit of several weeks at Mountain View.

NATIVES OF DENMARK AT HAYWARDS HAVE BIG TIME.

HAYWARDS, July 6.—The Danish Society of Haywards held their annual installation of officers on Saturday evening at Odd Fellows' Hall. As soon as the ceremonies were completed the guests repaired to the Central Hotel, where a sumptuous banquet was served and dancing in the Central hall followed. The entire program was carried out without a hitch, and each and every member of the society, which numbers about 150, enjoyed themselves to the fullest extent.

NEW TEACHER.

The announcement has been made that Miss Doris Woodburn of Oakland has been engaged to teach in the local high school to fill the vacancy caused by the granting of a year's leave of absence to Mrs. H. J. Shute. The new teacher comes very highly recommended, having taught for several years in grammar and high schools. She is a graduate of the University of California, finishing her course in that institution in 1895.

TURNING COLOR.

The apricot crop is somewhat late in ripening this year. The trees in the valley are heavily laden and the fruit, which appears to be of excellent quality, has just commenced to turn color. In a fortnight's time the fruit will be ripe enough for picking and canning, and there will be strenuous days for the fruit pickers.

BELL STATIONED.

At the last meeting of the trustee a notice was received from the Southern Pacific Company to the effect that a bell had been stationed at the A street crossing, and that one would be put in at Winton road in the very near future.

TEN DOLLARS REWARD.

The Town Marshal has been notified by the Board of Trustees to offer a reward of ten dollars for the arrest of any one caught in defacing or pulling down any street signs.

PAIR IN OCTOBER.

The members of the All Saints Church of Haywards are making plans for a big fair to be given for the benefit of the church during October. They are arranging for many novel features in the way of booths and programs.

AGAINST SLOT MACHINES.

A crusade has been started here against the nickel-in-the-slot machines with a view of ridding the town of this purse-draining device. A number of residents are interested in the movement and the Women's Improvement Club has announced its intention of taking up the war on the machines.

VIEWERS' REPORT.

I. E. Parsons, A. B. Carey and E. C. Prather, who were appointed viewers for the proposed boulevard, have rendered their report. They estimate the cost at \$125,000 for the roadway, seventy-five feet wide.

SCHOOL TRUSTEES OF ELMHURST WILL ORGANIZE FOR THE YEAR.

ELMHURST, July 6.—The School Trustees of Elmhurst will meet this evening for the purpose of organizing for the coming year and the selection of teachers. At this meeting the newly elected trustee, H. B. Ariett, will take his place on the board. The probabilities are that most of old teachers will be retained. Among other matters the board will select a substitute teacher to take the place of Miss Josephine Harbo, who was granted a six month's leave of absence to make an eastern visit.

MADE GOOD RECORD.

M. E. Allen of the Haywards electric line came out third in the ticket-taking contest at the Chutes on Wednesday evening. The entertainment was under the auspices of Division No. 205 of the Carpenters Union of San Francisco. Allen's time was four minutes and forty-eight seconds. Those ahead of him made it in four minutes and four seconds respectively. The contestants were compelled to take tickets from fifty passengers, give change and punch and distribute transfers. Allen's record is considered a very good one. Among those who went from Elmhurst to witness the performance were Mr. and Mrs. John Graydon, Mr. and Mrs. A. W. Rose, Mr. and Mrs. Fred Straub, Mr. and Mrs. W. E. Ross, George B. McFale, A. S. Anderson, William Holmes, C. E. Ross and W. J. Hooper.

MINOR CASUALTIES.

A number of Elmhurst people have a hand of several fingers wrapped up, owing to casualties. Frank Dellabaugh, Minor Frost, J. H. Dillberger and Henry Haseley have each suffered from accidents during the past week. All are doing well at last reports.

PERSONALS.

Dr. W. F. Lynch has returned from a seven days' trip to Walnut Grove. He had a good rest and returned much improved in health.

Mrs. H. G. Olsen and Mrs. Eugene Hoffman have gone to Laurel Dell for a short vacation. They left Friday.

Judge L. C. Banks and Santa Rosa spent a few days in Elmhurst last week. Gordon Williamson is spending a few days in Elmhurst.

Mr. and Mrs. S. T. Chapin are at Camp Meeker and expect to remain several weeks.

MADE AN AGREEMENT.

NEW YORK, July 6.—The President of Bolivia has left River Plate on his return to Bolivia, cables the Rio de Janeiro correspondent of the Herald, after having agreed with the commander-in-chief of the Brazilian forces in Acre upon the place that General Azevedo shall occupy until the authorities have settled the Acrean dispute. The Gazette Noticias announces that before the re-opening of the Bolivian Congress both countries will have reached a satisfactory agreement.

EMERYVILLE PACES HANDSOMELY BEDECKED WITH RED, WHITE AND BLUE.

EMERYVILLE, July 6.—Saturday in this vicinity was a day non so far as business was concerned. Everybody looked up shop and went down to Oakland to "help out." The Town Hall was hermetically sealed and the officials off on vacation. Quite a little decoration was done in honor of the day and "Old Glory" floated from a number of flag staves. The best decorated house in the terminal city was Henry Brun's Park Exchange, and then came the postoffice as a good second.

CLOSED DOWN.

Work was suspended at the subway, the power house, along the line of the new road, and at the rolling mill. Emeryville people are intensely patriotic, and are willing to make necessary sacrifices to show it whenever opportunity offers.

MOVED BACK.

When Phil De Haven was married, some little time ago, he decided that he could live outside of Emeryville and still do business at the rolling-mill as he had been accustomed to do. This plan worked after a fashion for a while, but it soon became monotonous, and sober second judgment told him that there was no place quite so suitable for him to live as where he had. He had decided to move back to "second thought" and has now made of himself one of the citizens of Emeryville.

GRANTED THEM A HOLIDAY.

Burt Chase, the popular timekeeper for Chase Bros., granted his men a full holiday Saturday.

AT SHELL MOUND.

All kinds of decorative hunting was flying over Shell Mound Park Saturday, in honor of the day and of the gathering thereat of the Thistle Club of San Francisco and its thousands of friends. There has seldom been a larger crowd to live in a shell mound, and certainly never more orderly and better behaved one. The grounds were packed, and the warmest kind of Scotch welcome was extended to all. The numerous even scheduled were happily carried out, and everybody went home happy.

SMALL GRASS FIRE EXTINGUISHED BY FIRE COMPANY ON SATURDAY.

The usual quiet pervaded this little borough on Sunday. Services were held in the several churches, which were all fully attended, and the rest of the two past days has fitted everybody to vigorously resume the cares of the opening week.

GRASS FIRE.

Saturday at 10:50 a. m. the fire company was called out to extinguish a grass fire which had been started by firecrackers, and which was burning merrily. It was equal to the occasion and soon had the embryo conflagration under control.

RUSSIAN MATTERS.

LONDON, July 6.—The St. Petersburg correspondent of the Standard telegraphs that official circles there are nervous over the situation in the Far East, especially Count Cassini's diplomatic methods. The Russian Ambassador at Washington is accused of making too much of the petition regarding the Kishineff massacre and too little of the American policy in the Far East. The Russian Government continues the correspondence with the Far East with equal civility on the presentation of the Kishineff petition, which binds nobody, if in return an understanding could have been reached respecting Russia's claims in Manchuria. It is now feared that Russia will be obliged to forego Count Lemosdor's plans concerning Manchuria and China, which depended on separating the United States from Japan, and Great Britain.

BIG PICNIC.

Pittsburg Park was the scene of a big picnic on Saturday given by the Portuguese Society. There were about five hundred picnickers present, coming from all about the bay. The crowd gathered at an early hour and after the big spread, which took place at noon, the afternoon was spent with games and dancing.

Prominent among the Fruitvale residents at the Oakland parade on Saturday was Fred Jordan who was mounted on a fine horse and rode in the parade.

FRUITVALE'S INDIAN TRIBE ACQUITTED THEMSELVES WELL.

FRUITVALE, July 6.—Increased interest in the festivities at Oakland in honor of July Fourth was manifested by the residents of Fruitvale because of the participation of the local tribe of Red Men in the parade and during the day scarcely a man or woman or child could be found hereabouts. The residents of Fruitvale did not attempt to celebrate the day on their own account beyond the usual firecrackers but lent all of their support to the Oakland celebration.

MANY RED MEN THERE.

The Ah Wah Red Men of the Improved Order of Red Men, which is located here, went to Oakland about forty strong and participated in the monster parade and from all reports they gave a good account of themselves. They were all in costume with the well known war paint of their tribe. During the parade they gave a vivid portrayal of the Indian character and, headed by their medicine man, they executed a war dance around a number of victims, which greatly amused the onlookers and struck terror to the childish heart.

THOUGHT THEY WERE REAL.

A good story is told here of a little lad who was greatly frightened at one of the Red Men. The youngster, whose age is about six or seven years, was in Warren's drug store for the purpose of purchasing a quantity of firecrackers that he might fittingly celebrate the Nation's birthday. Just as he was making his purchases one of the local tribe came into the store. The latter's make-up was so genuine that the little man did not recognize the familiar face and burst out in tears of terror. It was several minutes before those present in the store could find out what was the matter and the boy was finally assured that the man was only a "make believe Indian."

If the Owl would close tomorrow

Suppose The Owl Drug Store would go out of business tomorrow, do you think for one minute you could get a bottle of Peruna for 55 cents.

Just the minute the Drug Trust was in control of the drug situation up would go every price on drugs and medicines and the public would have to stand the raise whether they liked it or not.

The Owl is the original cut rate drug store on the Pacific Coast and always has been an aggressive cutter and is today.

We are the only druggists in San Francisco and Oakland that believe in cut rates and who refuse to join the combine to raise prices.

And that is the reason we are boycotted.

STILL FASTIDIOUS AS TO HIS FARE.

MURDERER WALKIREZ ROUNDS OUT A WEEK OF FASTING AT JAIL.

Murderer Walkirez has rounded out a week of fasting at the County Jail and still maintains that he is not going to eat. In this length of time he has drunk nothing but water and taken a couple of oranges from his attorneys. The prison fare he says does not suit him and until Sheriff Rogers loosens up and gives him something better to eat, Walkirez says he will starve.

The prison officials state that his food is just the same as the other prisoners get, but that Walkirez says that he is no common "vag" and that a first-class prisoner should get first-class fare. While the city police were engaged in drawing from him information with which to hang him he got anything he wanted to eat. At the County Jail he was given his place with the others and his role of the star boarder was at an end.

Walkirez's attorneys have had physicians examining him as to his sanity and it is thought that very probably his actions at this time, if continued, will be introduced at his trial to support his plea of insanity, which his attorneys have already stated will be his defense for the commission of the murder of an aged woman.

J. T. MORAN

RETURNS FROM EAST.

James T. Moran, the Broadway clothing merchant, returned last evening with his wife from a ten weeks' Eastern trip. Mr. Moran's objective point was his old home at New Haven, Connecticut. During their absence they visited most of the principal cities

east of the Rocky Mountains, and in the meantime he purchased his usual large invoice of goods for his large trade which he enjoys in this city and vicinity. Mr. Moran is a great admirer of the national game, and he never missed an opportunity of being an enthusiastic spectator at many games. He says the interest in baseball back East shows no diminution in attendance but to the contrary both leagues are enjoying large gate receipts and fine games are being put up by both the National League and American Association. Mr. Moran is president of the Pacific Coast Baseball League. He says he found business throughout the country in a most prosperous condition and during his absence, his big store here has done an unusual trade. The little chap who shows that the era of prosperity has not escaped Oakland.

FATHEIC CASE OF A COLORED BOY

Walter Jackson, the 8-year-old son of Mr. and Mrs. M. A. Jackson, colored, of 211 Chester street, had his leg broken yesterday afternoon while playing in his own back yard. The little chap was badly crippled for life, having had typhoid fever about five years ago, which left the right leg shorter than the left. Walter was playing in the yard about 5 o'clock with some of his little acquaintances, when his uncle, Andrew Jackson, who was intoxicated, came upon the scene. Walter did something to raise his uncle's ire, who picked up a large clunk of coal which was in the yard and threw it at the boy. The coal struck him on the left leg, breaking it in two places between the knee and the ankle.

Dr. J. Austin Miller, who resides at Eighth and Peralta streets, was promptly summoned and soon had the little chap's leg in splints.

SAVABLE TO RACE.

NEW YORK, July 6.—Savable, the winner of the last year's Futurity, has arrived from Chicago in charge of J. A. Drake's trainer to run in the rich Realization stakes tomorrow at Sheepshead Bay. The horse is quartered at Gravesend and was not affected a particle by the 300-mile journey.

Rheumatism

"THE PAIN KING."

Those who have ever felt its keen, cutting pains, or witnessed the intense suffering of others, know that Rheumatism is torture, and that it is rightly called "The King of Pain."

All do not suffer alike. Some are suddenly seized with the most excruciating pains, and it seems every muscle and joint in the body was being torn asunder. Others feel only occasional sharp pains for weeks or months, when a sudden change in the weather or exposure to damp, chilly winds or night air brings on a fierce attack, lasting for days perhaps, and leaving the patient with a weakened constitution or crippled and deformed for all time.

An acid, polluted condition of the blood is the cause of every form and variety of Rheumatism, Muscular, Articular, Acute, Chronic, Inflammatory and Sciatic, and the blood must be purged and purified before there is an end to your aches and pains. External applications, the use of liniments and plasters, do much toward temporary relief, but such treatment does not reach the real cause or cleanse the diseased blood; but S. S. S., the greatest of all blood purifiers and tonics, does cure Rheumatism by antidoting and neutralizing the poisonous acids and building up the weak and sluggish blood. It is safe and reliable in all forms of Rheumatism. It makes the old aid blood rich, and the pain-tortured muscles and joints are relieved, the shattered nerves are made strong, and the entire system is invigorated and toned up by the use of this great vegetable remedy.

If you have Rheumatism, write us, and our physicians will furnish without charge any information desired, and we will mail free our book on Rheumatism.

THE S'NIFT SPECIFIC CO., ATLANTA, GA.

VETERANS ATTEND CHURCH.

DR. VOSBURGH PUTS SOME STRAIGHT QUERIES TO THE SOLDIERS.

At the First Baptist Church last evening the Rev. H. J. Vosburgh preached on the subject: "Was the War a Fool's Errand?"

Company A, First Regiment, Veteran Reserves of California, was present in uniform.

Mr. Vosburgh said in part: "Most gladly do we welcome to our service tonight the veterans of the civil war. They participated in one of the greatest struggles in human history and as the outcome of it an imperishable contribution was made to the principle of human liberty. This is the intelligent and conscientious conclusion of thoughtful men today and we are confident this will be the abiding conviction of future generations."

"Nevertheless, at the present hour, there is a changing attitude among many American citizens which represents what we trust will be a superficial and transient mood. That the veterans of the civil war fought bravely all admit, but not a few seem disposed to echo the sentiment of the Frenchman at Baikalava: 'It is magnificent but it is not war; that is to say, your noble courage was for a fruitless task, many died and others shed their blood for an object not worthy of such a costly sacrifice. This idea suggests our subject: 'Was the War a Fool's Errand?'"

QUESTION OF SLAVERY.

"These series of propositions bring out on thought: 1. Slavery was the cause of the war. We understand and do not underestimate the other issues involved, but at the same time we affirm that without slavery there would have been no war. 2. As the outcome of the war the thirteenth, fourteenth and fifteenth amendments were added to the constitution, destroying slavery and giving to the black man equality of privilege with the other citizens of the country. 3. New constitutions recently adopted in many Southern States disfranchise the negro, contrary to the constitution of the United States. Sentiments widely expressed both North and South, exhibit a revival of the old heresy that the negro is a high degree of inferiority, and is doomed to occupy a servile position. The lynchings so brutal and so numerous are a lurid manifestation of the same temper. Even industrial education is now deprecated by many. Thomas Nixon makes one of the characters a 'Leopard's Spots,' says: 'The more you educate the negro, the more you make him a danger to the white race.' Make the negro a scientific and successful farmer and let him plant his feet deep in your soil and it will mean a race war.' There are two remarkable implications in this statement. One is the capacity of the negro to a high degree of development, and the other is the determined opposition of some people, presumably white folks, to the development of this capacity. And the pitiful fact is that this sentiment is widely prevalent."

SOME STRAIGHT QUERIES.

"In view then of the contemporary attitude thus variously exhibited, these questions arise: First, what are the lynchings? They are brutal, useless, unnecessary, harmful. They remind us of barbarism and are an exhibition today of the same spirit that renders horrible even the traditions of the Roman Amphitheater. It is idle for us as a people to excuse ourselves indefinitely for these outrages. They will soon be necessary for protesting against foreign violations of human rights. It is said that in Russia the government has quietly endorsed outrages against the Jews and others. That may be true, but there is little to choose between direct encouragement of lynchings and supreme connivance at violations of justice. A government that is strong enough to be unjust is little worse than a country that is too weak to be just. Second, what about the disfranchisement of the negro? It is important here to observe the exact situation. Our constitution does not guarantee universal suffrage."

"Every resident in the United States cannot claim the privilege of voting under the constitution. The States may determine as they please the qualifications for suffrage. The constitution guarantees equality of suffrage. The laws governing the right to vote shall be just, without invidious distinctions. The charge against some of the new Southern constitutions is this: Not that they deny the right of suffrage to the negro, but that they take it away from the negro because he is a negro and grant it to a white man because he is a white man, while they are no better qualified to vote than negroes. If laws providing for an educational test had been made which resulted in the disfranchisement of 50,000 black men, where only 50 white men lost the vote, no charge of injustice or unconstitutionality could be made."

VICIOUS CLASS LINE.

"Many of us believe in an educational test everywhere and if any portion of the American people should suffer more seriously than another, they would have the opportunity of improving their condition by a wise use of educational facilities. This would be an incalculable blessing to the entire country."

"The denial of the right of suffrage to the blacks should also be accompanied by a proportional reduction of the representation of the States involved in the House of Representatives and so in the Electoral College. This is the requirement of the constitution. But now in a Minnesota Congressional district 47,000 votes are cast at an election, while in a Louisiana district 7000 votes are cast. Louisiana is thus worth seven times as much as a vote in Minnesota, and this but illustrates the general situation. The question then before the American people is this: Shall our fundamental law be ignored? If the nation ignores its own constitution, can we expect obedience to particular laws from average citizens? Shall we have a carnival of lawlessness?"

"The third question relates to the negro's capacity for education. He has not yet produced a Rockefeller or a Shakespeare; neither has he produced a Gulliver or a Coleridge. Undoubtedly he has not advanced as rapidly as some reckless optimists have hoped. A long time will be needed to elevate the race but to the thoughtful student who examines the question in the light of history, of science and of religion, the results of the negro's recent experience are full of hope. He has acquired property, he honors every profession, he has gained the highest education. He has won conspicuous

honors in every great Northern University. Scientific educators assert that he possesses all the normal faculties of man. That hosts of them are deeply sunk in ignorance, none can question. That the upward ascent of the race is long and toilsome all will agree, but that the negro race can make the ascent all who believe in the fatherhood of God and the brotherhood of man will never doubt."

"SQUARE DEAL FOR ALL."

"Meanwhile let us help him. The fundamental social teaching of Christians is thus: 'Ye that are strong should bear the burdens of the weak.' That message represents the highest mood of mankind today. And while we help him, let us throw open to him the door of hope. Let him, as President Roosevelt has said, that he will receive a 'fair deal.' He has no right to ask for what he does not deserve, but he should be certain that he will receive everything he merits."

COMMENCEMENT AT THE POLYTECHNIC.

At the annual commencement exercises of the Polytechnic Business College last Friday evening the spacious hall was crowded with the parents and friends of the many students, who took part in the evening's entertainment. The program was acceptably carried out and received the recognition it so meritedly deserved. The number of graduates was 147. Following was the program:

Invocation, C. M. Seaman, secretary Young Men's Christian Association; piano solo, Miss Mary Keoke; quartet, 'Hall Smiling Morn' (Spotforth); Miss Morse, Mrs. Nicholson; Mr. Wilkie, Mr. Reed; 'A Trooper's Song' (Campana); Alfred C. Reed; Class History, Miss Florence Livingston; solo, May Day (Mathews); Miss Mary Alver; Miss George; Hon. George C. Pardee, Governor of California; Hon. Warren B. Olney, Mayor of Oakland; Rev. Thomas Boyer, Fris Christian Church, Oakland; Edwin S. Eames, secretary Oakland Board of Trade; solo, 'The Crown You Queen' (Geald Lane); Alfred Wilkie; presentation of medals; Professor A. V. Peight of the college faculty; presentation of diplomas; Miss Pluger and Miss Fowler of the college faculty; quartet, 'The Light, Beloved' (Finster); Accompanist, Miss Mary Keoke and Miss Ruth C. Morse.

NOVELTY THEATER TO GIVE BENEFIT.

The first to offer the proceeds of his day and evening entertainment for the benefit of the families of the dead and injured firemen was Tony Lubelski of the Novelty Theater, with his usual commendable generosity. Mr. Lubelski immediately upon hearing of the brave firemen's death at once said he would set aside the entire admission of the seven performances to be given at his theater the next Thursday afternoon and evening.

The worthy cause will undoubtedly draw crowded audiences at each performance.

A LETTER TO PREMIER.

LONDON, July 6.—The Vienna correspondent of the Times says an Imperial letter to Premier von Koerber, who has tendered his resignation, will be published today, in which the Emperor will express his gratitude for the Premier's past services, confidence in his ability to manage the public affairs in the future and will recognize the right of Austrian statesmen to be consulted by important decisions are taken in future common to Austria and Hungary. This will accord Dr. von Koerber's Cabinet a new lease of existence as the Premier himself was consulted and practically dictated the terms of the letter.

WOULD NOT BE SORRY IF POPE DIED.

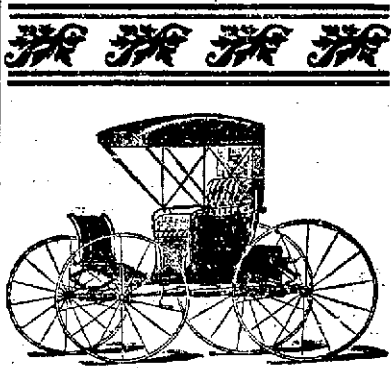

UGLY RUMORS ARE DENIED BY THOSE IN CHARGE AT VATICAN.

ROME, July 6.—In Vatican circles there seems to be dissatisfaction because the rumors in circulation to the effect that those in authority, instead of preventing the Pope from overtaxing his failing strength, having, for their own purposes urged him contrary to his physician's advice, to further exertion. It has been hinted that those who might be eligible candidates for the chair of St. Peter would not have many regrets should the way be left open without more delay, and that, regardless of the Pophite's feebleness, they worked upon his harmless natural pride in the vigor of his constitution and venerable age to encourage him to preside at the two recent consistories, as well as to undertake numerous receptions of pilgrims and other visitors to the Eternal City, notwithstanding the precarious condition of his health since the operation of 1899, which had grown much worse during the last few months.

Under the circumstances such insinuations are energetically repudiated by those concerned.

ARRESTED FOR DRUNKENNESS. There were twenty-seven prisoners in the Police Court this morning charged with drunkenness. As most of them had never been in jail before and had been under arrest since the Fourth of July, judgment in most of the cases was suspended.

BELIEVED HE STOLE LOCK. George Myers is being held at the City Prison pending an investigation by the police. Myers was attempting to sell a Yale padlock when arrested, and which the police believe he stole.

Oakland Makes a Good Showing for the Week—Winners at the Regatta.

RECRUITS DO GOOD WORK.

MAKE AN EXCELLENT SHOWING AGAINST THE 'FRISCO' PLAYERS.

Following is the standing of the teams in the Pacific Coast League for the 1903 pennant:

Club	W.	L.	P.O.
Los Angeles	67	29	.688
Sacramento	52	35	.598
San Francisco	51	39	.567
Oakland	40	55	.421
Seattle	31	51	.378
Portland	28	50	.359

Pete Lohman's Recruits did very well during the past week with the San Francisco sluggers by winning four out of the eight games played. On Saturday two games were played and the teams divided honors, the Frisco team winning the morning game and the locals won the afternoon game. Yesterday the Recruits suffered a slump and the Harpists won both games.

At Los Angeles two games were played Saturday and the Angels increased their lead over the Senators by winning the morning game by the close score of 3 to 2 and in the afternoon game they walked away from Fisher's bunch by the one-sided score of 11 to 1. Corbett pitched the afternoon game and held the huddling Senators down to four scattered hits. Los Angeles forced still farther ahead yesterday by winning the last game of the series, 3 to 1. Newton and Cutter were the opposing pitchers and the latter was hit hard.

In the North, Portland made it three straight from Seattle on Saturday and Sunday. The Saturday game was won by the score of 5 to 1 and yesterday Portland annexed the double-header by 5 to 3 and 12 to 2.

This week the Oakland team journeys to Seattle where they will play a week's engagement. Los Angeles will accompany them as far as Portland, where they stop off for a week's series. San Francisco and Sacramento will settle the next seven games between themselves.

The name of Lohman's new infielder, who is now on his way to Seattle where he will join the Recruits is 'Tony' Bremer. He is a deaf mute and hails from the same league that 'Moose' Baxter did. The latter says the new-come can deliver the goods and is a fast player.

'Kid' Mohler, who was the idol of the fans last year, has been released by Denver and Wheeler so that the latter can take his regular turn in the box. Wheeler is too good a pitcher to be relegated to the infield.

Jim Morley has gone East on a hunt for a crack second baseman. His idea is to find a regular turn in the box. Wheeler is too good a pitcher to be relegated to the infield.

It is rumored that there is liable to be a shake-up in the San Francisco team. The report has it that Krug and Pribst have been making life a burden to Captain Irwin and refuse to obey orders. During the past week Pribst was sent to the plate twice with instructions to punt the ball, and instead of doing as he was told, batted out a fly ball to be an easy out for the waiting fielders.

Josh Kelly is to accompany the Oakland team on its northern trip and the team should come back with a majority of the games. The past week's series has shown quite conclusively that the Recruits can play ball when they have a good infield.

WIL RETURN COMPLIMENTS.

NEW YORK, July 6.—The cruiser Benjamin Constant will sail next month for the United States, cables the Rio de Janeiro correspondent of the Herald. She will return the visit made by the American battleship when General Alves assumed the Presidency. From the United States the cruiser will go to Europe on the same mission to other governments.

WINNERS IN THE REGATTA.

RACES ON LAKE MERRITT WERE A SUCCESS—GOOD SHOWING MADE.

The banks surrounding Lake Merritt in this city were lined with thousands of spectators Saturday afternoon, while the championship rowing regatta was taking place. Every available craft at the boat houses was taken for the afternoon and the lake presented a pretty sight, dotted with crafts of every description. Each and every event was well contested by several entries and afforded great sport for the spectators.

The Alameda Club covered itself with glory by winning every event but one, which was won by the South End Club. The day was a perfect one for boating. There was just enough of a breeze to keep the sailing boats moving and still not interfere with good rowing. There were four rowing events, three for four-oared-barges and the other for outrigger skiffs. Besides this, there was a miniature yacht race under the auspices of the San Francisco Model Yacht Club and numerous athletic events.

The first race of the day was the intermediate class, four-oared barge, and it was one of the prettiest and closest of the day. The course was a mile and a half with a turn, and those entered were the South Ends, with E. Pallas, stroke; Matt Harris, after waist; M. C. Cashman, forward waist; Charles Jenkins, bow. The Dolphins, William Harris, stroke; Thomas Harris, after waist; H. Swedlund, forward waist; Thomas R. Dixon, bow. The Alamedas, Sidney J. Pollard, stroke; B. C. Lyons, after waist; Charles J. Hague, forward waist; Chester Ayers, bow.

From the start to the turn, a distance of three-quarters of a mile, it was nip and tuck between the South Ends and the Alameda crew, and on the turn the latter obtained a slight lead, which they increased to a full length. The South End crew pulled a good, steady stroke and reduced the lead to a quarter of a length when within a hundred yards of the finishing line. By a terrific spurt in that short distance the South Ends managed to pass their opponents and won by a third of a length amid wild cheers for their pretty work. The time was 8:22, which is very good, considering the turn they had to make.

This was the only defeat that Alameda suffered and that club won the senior and junior class, four-oared barge races, and B. E. Thorning, entered for the Alameda Club, won the junior class, outrigger skiff race. In the senior class four-oared barge race, the following were entered: Alameda—Andrew G. Webb, stroke; Edward Hansen, after waist; George Schroeder, forward waist; Roy Pratt, bow; Olympic—John Lewis, after waist; E. B. Thorning, forward waist; George Lewis, bow; the Arlos—Charles Wilson, stroke; E. J. Lynch, after waist; E. L. Smith, forward waist; Alex Keegan, bow; the South Ends—J. E. Seely, stroke; Tom Lynch, after waist; George Bates, forward waist; George Collins, bow.

In the junior class four-oared barge race, the following were entered: Alameda—Andrew G. Webb, stroke; Edward Hansen, after waist; George Schroeder, forward waist; Roy Pratt, bow; Olympic—John Lewis, after waist; E. B. Thorning, forward waist; Charles Stewart, bow; South End—James P. Foley, stroke; George Wirt, after waist; Bert Marsh, forward waist; Ernest Gibson, bow.

Following is a summary of the rowing races:

Intermediate class, four-oared barge, Alameda one and one-half miles, with turn—Entered South End, Alameda, Dolphin. Won by South End, Alameda second. Time, 8:22.

Senior class, four-oared barge—Entered South End, Alameda, Arlos. Won by Alameda, South End second. Time, 8:00.

Junior class, four-oared barge—Entered Olympic, South End, Alameda. Won by Alameda, Olympic second. Time, 8:22.

Junior class, outrigger skiff—Entered E. B. Thorning, Alameda; Fred Sherry, Dolphin. Won by Thorning. No time caught.

Swimming race, one hundred yards—Entered Scott Leary, Ben Carroll, C. Cliff, Archie Taylor. Won by Leary, Carroll second. No time caught.

The miniature yacht race was a pretty affair and watched with considerable interest. The little boats were started fifteen seconds apart and the best time was to determine the winner. The course was three-quarters of a mile and the result was a tie between J. G. Daisley's Lady of the Lake and William Brown's San Francisco, both covering the distance in 8:40. The time of the various miniature races was as follows: Independence, Wm. Roemer, 9:50; Imp, H. London, 11:20; Lady of the Lake, J. G. Daisley, 8:40; Witch, J. E. Gering, 8:10; Edson, W. A. Tracy, 9:30; King Fisher, O. M. Forest, 8:10; San Francisco, William Brown, 8:40; Mildred J. Bernhard, 9:30; Auna, E. Jurgens, 14:01; Sophie, J. E. Brannan, 15:08; Nixie, M. C. Hencken, 11:38; Albert C. A. Carrelli, 16; Pathfinder, J. Campagna, 17:30.

The bicycle races under the auspices of the Associated Cyclists were run on the lake boulevard and commenced at 1:30 p. m. All of the finishes were close and exciting and the Oakland and Bay City Wheelmen divided honors. Following is a summary of the events:

For Oakland wheelmen only—First heat, Ernest Heather first, A. E. Smith second; second heat, Andrew Roberts first, Emil Heather second; final, Emil Heather first, Andrew Roberts second, A. T. Smith third.

Second race, open—First heat, J. McLaughlin (B. C.) first, A. Roberts (Oak.) second; second heat, Walter de Mara (H. S.) first, Emil Heather (Oak.) second; third heat, C. McNulty (B. C.) first, A. T. Smith (Oak.) second; final, McLaughlin first, De Mara second, Roberts third.

Third race, open—First heat, A. Spellman (C. C.) first, J. Leitz (Oak.) second; second heat, C. McNulty (B. C.) first, Heather second; final, Heather first, Spellman second, Britt third.

UNKNOWN MAN DIES ON TRAIN.

An unknown white man, aged about 35 years, died suddenly this morning on the broad gauge train from San Francisco. Heart disease is believed to be the cause of death. The identity of the man is unknown, as there are no papers on the remains by which his name could be ascertained. He was fairly well dressed and was not a laborer, but perhaps might have been a waiter. Several waiters called at the Morgue this morning, but could not identify the body.

CLOUDBURST AT LEESVILLE. GONZALES, Tex., July 6.—There has been a cloudburst at Leesville, which put five feet of water in the streets in an hour. Many houses were wrecked. Will Brown, a prisoner, was drowned. The Gundaloupe has a nineteen foot rise and is going up a foot and a half an hour. All of the lower bottom farms for ten miles around are inundated.

EASTERN WEATHER. CHICAGO, July 6.—Temperatures at 7 a. m.: New York, 68; Boston, 66; Philadelphia, 62; Washington, 75; Chicago, 72; Minneapolis, 64; Cincinnati, 73; St. Louis, 76.

DEATH RIDES ON WATER AT JEANNETTE.

Pitiful Scenes are Witnessed After the Flood Struck the Town—Seventy-Five Dead.

JEANNETTE, Pa., July 6.—Dawn broke today on a scene of devastation and ruin along the Brush Creek Valley. From the sight of the break of the dam at Oxford Park to Wilmerding, taking in the towns of Jeannette, Penn., Jarimer, Greensburg, Irwin, Burdell and Manor, the awful power of the rushing waters following the breaking of the dam is apparent on all sides.

The damage to the property will not be less than \$700,000, while the number of lives suddenly blotted out is still uncertain, the estimates running all the way from 50 to 150.

THE DEAD.

Almost with the first streak of daylight, a bureau was opened here where the names of the identified dead recovered and the missing might be registered, together with a description of the bodies recovered but not identified. A revised list of the dead and missing so far as known is as follows but it may be days before the extent of the disaster can be determined.

The dead:

MISS GERTRUDE KEEFER, aged 24 years, daughter of E. D. Davis, recovered.

MISS KATE KEEFER, sister, body recovered.

JOHN FLEMING, stable boy at the Old Fair Grounds, Greensburg.

GEORGE WHITMAN, of West Jeannette.

MRS. LEVI BAKER, of West Jeannette.

JOHN MCGURKEY, aged 40, of West Jeannette.

GEORGE WILLIAMS, aged 35 years, of Jeannette.

ALEX VICTOR, Jeannette.

MRS. NIGG and FOUR CHILDREN, of West Jeannette.

UNKNOWN WOMAN, found at Manor.

UNKNOWN CHILD, found at Manor.

UNKNOWN MAN, found at Penn.

EDWARD SMITH, aged 10 years, negro boy of West Jeannette.

DAUGHTER of E. D. DAVIS, aged 13 years, of West Jeannette.

MRS. SCHRADER, aged 70 years.

MIS LUCY CRUM, who was with Miss KEEFER of Jeannette.

The missing:

JOHN AND LAWRENCE O'NEAL, sons of Mr. and Mrs. Barney O'Neal, CURTIS MOORE, Jeannette.

SAMUEL VOGEL, Jeannette.

MR. and MRS. HENRY FINK, Jeannette.

O'BRIEN, Greensburg.

COUNCILMAN JOHN C. LIGHT and FAMILY of Greensburg, were at the park and at a late hour this morning had not been accounted for. They were said to have been in the waiting room.

Two SILK SISTERS of West Jeannette.

ALFRED ZEIP, aged 9 years, of West Jeannette.

MAY BIRD, Manor Hotel, Jeannette.

SEVENTY-FIVE DEAD.

JEANNETTE, Pa., July 6.—At 10 o'clock this morning it is estimated that the loss of life through yesterday's cloudburst and flood at Oak Park will reach seventy-five. Twenty bodies have been recovered. Many foreigners and have not been identified.

The people are still too excited to talk of the flood and it is with difficulty a complete death and injured list can be compiled. All the residents claim that more bodies went down in the flood, but the rumors are so numerous that they cannot all be run down.

Several persons are reported as missing from their homes along the stream and many anxious parents, almost frantic with fear, traversed the streets all night searching for their lost children.

THRILLING RESCUES.

Stories of thrilling rescues are heard on all sides and the acts of bravery are reported, the heroes being persons who risked their lives to save others. One man, whose name could not be learned, was seen by several persons to take a hard effort to rescue a woman, presumably his wife, shortly after the flood hit the waiting room. The man was in an apparently safe position among some saplings. In his struggles to get to the woman he lost his hold and both were thrown into the water by their houses being overturned. Many houses were seen by them floating down the stream, upside down, sideways and in every possible manner.

Four members of the family of William Nigga, a coal miner, were drowned in the flood.

DAMS GIVE WAY.

Almost together with the dam in Oakford Park the Fort Pitt dam, north of this place, gave way, carrying away destruction along the valley of Bull Creek, which empties into the larger stream of Brush Creek, in the lower part of Jeannette. The Fort Pitt dam served to supply the Fort Pitt gas works at that point. To add to the alarm caused by the disaster in Oakford Park it was reported this morning that the big reservoir of the Westmoreland Water Company at Radabaugh about a mile from this town, was likely to give way and that the people in the vicinity had taken fright and fled to the uplands. The reservoir at Radabaugh covers about thirteen acres and supplies Greensburg, Jeannette and Manor and other points down the valley.

Quite a crowd of people still linger at the Pennsylvania station culvert, which is blocked with debris, under which it is expected the bodies of six unfortunates will be found.

All is in readiness for the search for the bodies, but it is believed that nothing can be accomplished without the aid of dynamite, as the houses, stables, out-houses and other debris are wedged in so tight by the culvert that human effort toward dislodging it will prove of no avail.

BUILDINGS SWEEP AWAY.

The suddenness of the disaster, together with the attendant features, was indeed pathetic. Yesterday afternoon most of the people were attracted to the park by the children's orchestra, a juvenile musical organization which held its concert in the open air. The band was playing when the storm came up. Many of the
